### **FsDreamTeam GSX - Ground Services for FSX - page 1**

default FSX airports, and on 3rd party airports too. It's enough for an airport to be provided with standard airport data .BGL (also known as an "AFCAD" file) to work with GSX, which means every FSX airport, even those that haven't been designed yet, will work with it with no need of a specific support. What it does
