Fallout Todd Strasser 2013-09-10 What if the bomb had actually been dropped? What if your family was the only one with a shelter? In the summer of 1962, the possibility of nuclear war is

all anyone talks about. But Scott's dad is the only one in the neighborhood who actually prepares for the worst. As the neighbors scoff, he builds a bomb shelter to hold his family and stocks it with just enough supplies to keep the four of them alive for two critical weeks. In the middle of the night in late October, when the unthinkable happens, those same neighbors force their way into the shelter before Scott's dad can shut the door. With not enough room, not enough food, and not enough air, life inside the shelter is filthy, physically draining, and emotionally fraught. But even worse is the question of what will — and won't — remain when the door is opened again. Internationally best-selling author Todd Strasser has written his most impressive and personal novel to date, ruthlessly yet sensitively exploring the terrifying what-ifs of one of the most explosive moments in human history.

But what starts out as friendly competition, takes an unexpected turn for the worst when an one player takes the game too far. Can an afterschool club change the way the students see each other...and how they see the world? "By using a gaming lens to explore the students' entrée to prejudice and radicalization, he succeeds in lending immediacy and accessibility to his cautionary tale."—Kirkus Reviews

Confidence Todd Strasser 2002 In this convincing, crisply written novel, Strasser tackles head-on a very real middle-school predicament--the price one can be tempted to pay for popularity. Referring to herself throughout in the second person, narrator Lauren immediately draws readers into her life as she explains that she and her best friend Tara are eating lunch in that part of the cafeteria she dubs "the realm of the socially inferior," while the popular girls sit at the "Don't-You-Wish-You-Were-Me table." Though she longs to be part of the in-crowd, Lauren lacks the confidence to even attempt to belong; she refuses to wear makeup, for example, because she fears that her classmates would "snigger and

say you were trying to be an A-list girl. It's safer not to try." The author carefully tracks the girl's growing self-confidence after Celeste, an outgoing new girl who instantly becomes a member of the elite group, befriends Lauren and convinces her to run with her for co-treasurer in their class elections. Unlike Lauren, basking in the glow of her new popularity, readers will pick up on the numerous clues that the manipulative, plotting Celeste is hardly trustworthy. Strasser caps his story with a believable denouement, in which Lauren learns a painful lesson about the value of genuine friendship and of confidence that comes from within.

It's incredibly risky -- if he's caught, the consequences will be unthinkable -- but it may be his only way out. Jumanji Chris Van Allsburg 2018-11-06 The game under the tree looked like a hundred others Peters and Judy had at home. But they were bored and restless and, looking for something interesting to do, thought they'd give Jumanji a

His marvelous drawings beautifully convey a mix of the everyday and the extraordinary, as a quiet house is taken over by an exotic jungle.

Summer of '69 Todd Strasser 2019-04-09

Drawing from his teenage years, Todd Strasser's novel revisits a tumultuous era and takes readers on a psychedelically tinged trip of a lifetime. With his girlfriend, Robin, away in Canada, eighteen-year-old Lucas Baker's only plans for the summer are to mellow out with his friends, smoke weed, drop a tab or two, and head out in his microbus for a three-day happening called the Woodstock Music and Art Fair. But life veers dramatically off track when he suddenly finds himself in danger of being drafted and sent to fight in Vietnam. If that isn't heavy enough, there's also the free-loving (and undeniably alluring) Tinsley, who

seems determined to test Lucas's resolve to stay faithful to Robin; a frighteningly bad trip at a Led Zeppelin concert; a run-in with an angry motorcycle gang; parents who appear headed for a divorce; and a friend on the front lines in 'Nam who's in mortal danger of not making it back. As the pressures grow, it's not long before Lucas finds himself knocked so far down, it's starting to look like up to him. When tuning in, turning on, and dropping out is no longer enough, what else is there?
