The War of the Worlds H. G. Wells 2017-01-01 When a

meteorite lands in Surrey, the locals don't know what to make of it. But as Martians emerge and begin killing bystanders, it quickly becomes clear—England is under attack. Armed soldiers converge on the scene to ward off the invaders, but meanwhile, more Martian cylinders land on Earth, bringing reinforcements. As war breaks out across England, the locals must fight for their lives, but life on Earth will never be the same. This is an unabridged

English as a Global

Language David Crystal

2012-03-29 David Crystal's

classic *English as a Global*

Language considers the history,

present status and future of the

English language, focusing on

its role as the leading

international language. English

has been deemed the most

'successful' language ever, with

1500 million speakers

internationally, presenting a

difficult task to those who wish

to investigate it in its entirety.

However, Crystal explores the

subject in a measured but engaging way, always backing up observations with facts and figures. Written in a detailed and fascinating manner, this is a book written by an expert both for specialists in the subject and for general readers interested in the English language.

2015-01-15 Ever wonder what type of stories horror authors tell their children? These six stories by horror novelist Robert Holt answers that question. Wrapped in morals, they will make kids laugh, cry, and maybe even shiver. These stories are great for children and the grownups that read to them. They will stimulate dialogue of more important issues and lead to character building conversations. Enjoy this book, but make sure you put it back on the book shelf. We wouldn't want the dirt monsters to take it!
