Culture and Comfort Katherine Grier 1997-07-17 "This book is about the waxing and waning of the Victorian parlor, a room whose elaborate decor and accompanying social performances seem, from the perspective of the late twentieth century, emblematic of the artifice, even phoniness, of Victorian culture. It is the story of how tens of thousands of middle-class American families devoted their financial and emotional resources to create rooms that none of them needed, strictly speaking, and that some of them seem rarely to have used."--Preface.

Selected Poems, 1957-1987 William De Witt Snodgrass 1987 These poems reveal an important American poet's impressive array of dramatic powers. This selection includes the best poem's from his Pulitzer Prize-winning *Heart's Needle*, *After Experience*, *Remains*, small press poems, excerpts from *The Fuehrer Bunker*--a series of dramatic monologues from the top members of Hitler's Third Reich--and some new poems. In the new poems, which use the gentle surrealist paintings of DeLoss McGraw as vehicles, Snodgrass returns to himself as the subject, though not in his former confessional mode. ISBN 0-939149-04-4 : \$19.95.

Distant Publics Jenny Rice 2012-08-19 Urban sprawl is omnipresent in America and has left many citizens questioning their ability to stop it. In *Distant Publics*, Jenny Rice examines patterns of public discourse that have evolved in response to development in urban and suburban environments. Centering her study on Austin, Texas, Rice finds a city that has simultaneously celebrated and despised development. Rice outlines three distinct ways that the rhetoric of publics counteracts development: through injury claims, memory claims, and equivalence claims. In injury claims, rhetors frame themselves as victims in a dispute. Memory claims allow rhetors to anchor themselves to an older, deliberative space, rather than to a newly evolving one. Equivalence claims see the benefits on both sides of an issue, and here rhetors effectively become nonactors. Rice provides case studies of the development disputes that place the reader in the middle of real-life controversies and evidence her theories of claims-based public rhetorics. She finds that these methods comprise the most common (though not exclusive) vernacular surrounding development and shows how each is often counterproductive to its own goals. Rice further demonstrates that these claims create a particular role or public subjectivity grounded in one's own feelings, which serves to distance publics from each other and the issues at hand. Rice argues that rhetoricians have

a duty to transform current patterns of public development discourse so that all individuals may engage in matters of crisis. She articulates its sustainability as both a goal and future disciplinary challenge of rhetorical studies and offers tools and methodologies toward that end.

Homer in Performance Jonathan Ready 2018-08-13 Before they were written down, the poems attributed to Homer were performed orally, usually by rhapsodes (singers/reciters) who might have traveled from city to city or enjoyed a position in a wealthy household. Even after the *Iliad* and the *Odyssey* were committed to writing, rhapsodes performed the poems at festivals, often competing against each other. As they recited the epics, the rhapsodes spoke as both the narrator and the characters. These different acts—performing the poem and narrating and speaking in character within it—are seldom studied in tandem. *Homer in Performance* breaks new ground by bringing together all of the speakers involved in the performance of Homeric poetry: rhapsodes, narrators, and characters. The first part of the book presents a detailed history of the rhapsodic performance of Homeric epic from the Archaic to the Roman Imperial periods and explores how performers might have shaped the poems. The second part investigates the Homeric narrators and characters as speakers and illuminates their interactions. The contributors include scholars versed in epigraphy, the history of art, linguistics, and performance studies, as well as those capable of working with sources from the ancient Near East and from modern Russia. This interdisciplinary approach makes the volume useful to a spectrum of readers, from undergraduates to veteran professors, in disciplines ranging from classical studies to folklore.

The Legend of Guy of Warwick Velma Bourgeois Richmond 2021-11-19 First published in 1996. This lavishly illustrated study is a comprehensive literary and social history which offers a record of changing genres, manuscript/book production, and cultural, political, and religious emphases by examining one of the most long lived popular legends in England. Guy of Warwick became part of history when he was named in chronicles and heraldic rolls. The power of the Earls of Warwick, especially Richard de Beauchamp, inspired the spread of the legend, but Guy's highest fame came in the Renaissance as one of the Nine Worthies. Widely praised in texts and allusions, Guy's feats were sung in ballads and celebrated on the stage in England and France. The first Anglo-Norman romance of Gui de Warewic, a Saxon hero of the tenth century was written in the early 13th century; the latest retellings of the legend are contemporary. Examples of Guy's legend can be found in two English translations that survived the Middle Ages, a new French prose romance, a didactic tale in the *Gesta Romanorum*,

and late medieval versions in Celtic, German, and Catalan, as well as English. Guy remained a favorite Edwardian children's story and was featured in the Warwick Pageant, an historical extravaganza of 1906. The patriotism of World War II sparked a resurgence of interest that produced several new versions, mostly folkloric.

Romantic Poetry Angela Esterhammer 2002-01-01 Romantic Poetry encompasses twenty-seven new essays by prominent scholars on the influences and interrelations among Romantic movements throughout Europe and the Americas. It provides an expansive overview of eighteenth- and nineteenth-century poetry in the European languages. The essays take account of interrelated currents in American, Argentinian, Brazilian, Bulgarian, Canadian, Caribbean, Chilean, Colombian, Croatian, Czech, Danish, English, Estonian, Finnish, French, German, Greek, Hungarian, Irish, Italian, Mexican, Norwegian, Peruvian, Polish, Romanian, Russian, Serbian, Slovak, Spanish, Swedish, and Uruguayan literature. Contributors adopt different models for comparative study: tracing a theme or motif through several literatures; developing innovative models of transnational influence; studying the role of Romantic poetry in socio-political developments; or focusing on an issue that appears most prominently in one national literature yet is illuminated by the international context. This collaborative volume provides an invaluable resource for students of comparative literature and Romanticism. SPECIAL OFFER: 30% discount for a complete set order (5 vols.). The Romanticism series in the Comparative History of Literatures in European Languages is the result of a remarkable international collaboration. The editorial team coordinated the efforts of over 100 experts from more than two dozen countries to produce five independently conceived, yet interrelated volumes that show not only how Romanticism developed and spread in its principal European homelands and throughout the New World, but also the ways in which the affected literatures in reaction to Romanticism have redefined themselves on into Modernism. A glance at the index of each volume quickly reveals the extraordinary richness of the series' total contents. Romantic Irony sets the broader experimental parameters of comparison by concentrating on the myriad expressions of irony as one of the major impulses in the Romantic philosophical and artistic revolution, and by combining cross-cultural and interdisciplinary studies with special attention also to literatures in less widely diffused language streams. Romantic Drama traces creative innovations that deeply altered the understanding of genre at large, fed popular imagination through vehicles like the opera, and laid the foundations for a modernist theater of the absurd. Romantic Poetry demonstrates deep patterns and a sharing of crucial themes of the revolutionary age which underlie the lyrical expression that flourished in so many languages and environments. Nonfictional Romantic Prose assists us in coping with the vast array of writings from the personal and intimate sphere to modes of public discourse, including Romanticism's own self-commentary in theoretical statements on the arts, society, life, the sciences, and more. Nor are the discursive dimensions of imaginative literature neglected in the closing volume, Romantic Prose Fiction, where the basic Romantic themes and story types (the romance, novel, novella, short story, and other narrative forms) are considered throughout Europe and the New World. This enormous realm is seen not just in terms of Romantic theorizing, but in the light of the impact of Romantic ideas and narration on later generations. As an aid to readers, the introduction to Romantic Prose Fiction explains the relationships among the volumes in the series and carries a listing of their tables of contents in an appendix. No other series exists comparable to these volumes which treat the entirety of Romanticism as a cultural happening across the whole breadth of the Old and New Worlds and thus render a complex picture of European spiritual strivings in the late eighteenth and the nineteenth centuries, a heritage still very close to our age.

King of the Lobby Kathryn Allamong Jacob 2010-01-01 A biography of the "influential and engaging character" who courted Congress with food, wine, and gifts in the post-Civil War era (The Washington Post Book World). King of the Lobby tells the story of how one man harnessed delicious food, fine wine, and good conversation to

become the most influential lobbyist of the Gilded Age. Scion of an old and honorable family, best friend of Henry Wadsworth Longfellow, and charming man-about-town, Sam Ward held his own in an era crowded with larger-than-life personalities. Living by the motto that the shortest route between a pending bill and a congressman's "aye" was through his stomach, Ward elegantly entertained political elites in return for their votes. At a time when waves of scandal washed over Washington, the popular press railed against the wickedness of the lobby, and self-righteous politicians predicted that special interests would cause the downfall of democratic government, Sam Ward still reigned supreme. By the early 1870s, he had earned the title "King of the Lobby," cultivating an extraordinary network of prominent figures and a style that survives today in the form of expensive golf outings, extravagant dinners, and luxurious vacations. Kathryn Allamong Jacob's account shows how the king earned his crown, and how this son of wealth and privilege helped to create a questionable profession in a city that then, as now, rested on power and influence. "Her extensive research is reflected in her recounting of Ward's life, successfully putting it into the context of the history of lobbying...will appeal to American history buffs." —Publishers Weekly

Life in a Country Album Nathalie Handal 2019-10-15 From migrations to pop culture, loss to la dérive, Life in a Country Album is a soundtrack of the global cultural landscape—borders and citizenship, hybrid identities and home, freedom and pleasure. It's a vast and moving look at the world, at what home means, and the ways we coexist in an increasingly divided world. These poems are about the dialects of the heart—those we are incapable of parting from, and those that are largely forgotten. Life in a Country Album is a vital book for our times. With this beautiful, epic collection, Nathalie Handal affirms herself as one of our most diverse and important contemporary poets.

The Changing Culture of Libraries Renee Feinberg 2001-07-20 From the civil rights and antiwar demonstration 1960s to the age of the electronic library, there have always been many librarians and readers who care deeply about library traditions. In compiling this collection of 18 essays, editor Renee Feinberg has included writers who give voice to their struggle to preserve something of a classic library culture in a dot.com environment. Essays cover childhood library memories and reasons for going to library school, the perspective of a blind library professional, and small town library development. The thoughts of a cataloguing librarian, of an academic librarian on preservation of collections, of an American using libraries at Cambridge and the British Museum as a college student, and of a reference and bibliographic librarian at a small Midwestern liberal arts college are related. Writers discuss their experiences in the libraries of Southern California, Montserrat in the aftermath of hurricane and volcano, and the participation of alternative libraries in South Africa's anti-apartheid movement. Fighting discrimination, promoting ethnic minorities in the profession, and reaching out with technology to those who have been traditionally underserved by libraries are among the topics addressed. The contributors are Jocelyn Berger, Barbara A. Bishop, Gracelyn Cassell, Geraldine DeLuca, Tony Doyle, David Faucheux, Janet Freedman, Carey Harrison, Ruth Isenberg, Bruce Jensen, Marie Jones, Michael Kahan, Nancy Kuhl, Lina M. Lowry, Faye Reagon, Don Reich, Carla J. Stoffle, and the editor.

Autumn Journal Louis MacNeice 1996 Written between August and December 1938, this poem is a record of MacNeice's emotional and intellectual experience during those months. The trivia of everyday living is set against events in the world outside - the settlement in Munich and slow defeat in Spain.

The Good Soldier Ford Maddox Ford 2021-01-28 The Good Soldier is considered Ford's masterpiece. This tale of adultery and deceit centers around two couples, Edward and Leonora Ashburnham, and their American friends, John and Florence Dowell. John Dowell narrates the events of Florence's affair with Edward, the "good soldier," and her subsequent suicide. Through Dowell's confused and perhaps unreliable narrative, Ford attempted to recreate real thoughts. This literary technique was a forerunner to literary techniques employed by such later writers as Samuel Beckett and J.M. Coetzee. Ford Maddox Ford (Ford Maddox Hueffer) was born in 1873. He was a novelist, poet, literary critic, editor, and one of the founding fathers of English Modernism. He published over eighty books, including two collaborations with Joseph Conrad (Inheritors in 1901 and Romance in 1903). He died in 1939.

Encountering Pennywise Whitney S. May 2022-10-17 Contributions by Amylou Ahava, Jeff Ambrose, Daniel P. Compora, Penny Crofts, Keith Currie, Erin Giannini, Whitney S. May, Fernando Gabriel Pagnoni Berns, Diganta Roy, Hannah Lina Schneeberger, Shannon S. Shaw, Maria Wiegel, and Margaret J. Yankovich First published in 1986, Stephen King's novel IT forever changed the legacy of the literary clown. The subject of a TV miniseries and a two-part film adaptation and the inspiration for a resurgence of the evil clown figure in popular culture, IT's influence is undeniable, yet scholarship to date is almost exclusively devoted to the adaptations rather than the novel itself. *Encountering Pennywise: Critical Perspectives on Stephen King's "IT"* considers the pronounced cultural fluctuations of IT's legacies by centering the novel within the theoretical frameworks that animate it and ensure its literary and cultural persistence. The collection explores the ways the novel, so like its antagonist, replicates (or disavows) the icons of various canons and categories in order to accomplish specific psychological and cultural work. Gathering the work of scholars from diverse professional and disciplinary vantage points, editor Whitney S. May has curated an anthology that spans discussions of American surveillance culture, intergenerational conflict, the legacies of settler colonialism and Native American representation, serial-killer fanaticism, and more. In this volume, we read the protagonists' constellations of countermoves against Pennywise as productive outlines of critique effectuated by the richness of the clown's reflective power. The essays are therefore thematically arranged into a series of four categories of "counter"—countercurrents, countercultures, counterclaims, and counterfeits—where each supplies a specific critical lens through which to view Pennywise's disruptions of both culture and cultural critique.

Beslan-Not Forgotten John Haughton 2014 Beslan-Not Forgotten is an extended poem chronicling and analysing the sad story of the sacrificing of hundreds of children in a junior school in Beslan, Northern Ossetia for a cause identified in the course of the poem. It includes historical analysis. Commemorates the brave citizens of Beslan and lends its support to their suffering. The title includes the words 'not forgotten' as there is a danger that these kind of atrocities can be so easily airbrushed out of history.

Baby Doe Tabor Judy Nolte Temple 2012-11-27 The story of Baby Doe Tabor has seduced America for more than a century. Long before her body was found frozen in a Leadville shack near the Matchless Mine, Elizabeth McCourt "Baby Doe" Tabor was the stuff of legend. The stunning divorcée married Colorado's wealthiest mining magnate and became the "Silver Queen of the West." Blessed with two daughters, Horace and Baby Doe mesmerized the world with their wealth and extravagance. But Baby Doe's life was also a morality play. Almost overnight, the Tabors' wealth disappeared when depression struck in 1893. Horace died six years later. According to the legend,

one daughter left home never to return; the other died horribly. For thirty-five years, Baby Doe, who was considered mad, lived in solitude high in the Colorado Rockies. Baby Doe Tabor left a record of her madness in a set of writings she called her "Dreams and Visions." These were discovered after her death but never studied in detail—until now. Author Judy Nolte Temple retells Lizzie's story with greater accuracy than any previous biographer and reveals a story more heartbreaking than the legend, giving voice to the woman behind the myth. **American Poetry and Culture, 1945-1980** Robert Von Hallberg 1985 Examines the work of Robert Creeley, John Ashbery, Adrienne Rich, W.S.
