God's Feminist Movement Amber Picota 2016-07-19 Experience True Liberation by Seeing Your Beauty, Femininity, and Freedom From Heavens Point of View Has Christianity kept women trapped in the stone age? In many ways, yes; but this is not by Gods design. As society offers women opportunities to explore outer-space and govern nations, the church often stifles and limits them. The tide is changing, though. Amber Picotas Gods Feminist Movement is a new covenant manifesto calling women to embrace their true identity in Christ and fulfill their destiny as revolutionaries who shape the course of history with the Kingdom of God. There is a powerful new feminist movement emerging in the body of Christ. Its not politically driven and its not being championed by an uprising of angry man-haters. Based on an intense study of Scripture, factoring in historical and contextual hermeneutics and original languages, Picota shares a practical, non-legalistic, and non-traditional (yet deeply Biblical) look at topics that women commonly face, such as: Dating and Modesty Female Leaders in the Church Submission in Marriage Beauty and Self-Image Celebrate the power and beauty of womanhood. God has given you permission to change the world by being you! Break off religious traditions that keep women

trapped in old school legalism and move beyond Christian clichés that minimize a woman's true position in Christ!

Cosmic Intelligence and You S Rengarajan 2016-11-11 Everyone is eager to know where one has come from and where one is heading to. Since the universe itself is a creation from the abstract source – God – it becomes difficult to give valid answers by realistic logics. Hence, all attempts to explain this phenomenon till now through inference, comparison, deduction, and belief have ended up inconclusively, leaving bits of confusion and dismay in many minds. In this book, an attempt is made to logically analyze the Vedantic axiom 'God has desired, let me be many and savor the diversities'. This book begins with the invincible qualities of the Source of creation itself and then proceeds in logical steps as to how It has permeated through Its manifestations in various stages of their progress. Only an awareness that the self-healing phenomenon forms the basic building block in all entities helps the reader to follow the subject matter with ease. As the Source itself is an embodiment of unlimited faculties, one may find equal or perhaps more enthusiasm, while arriving at a relationship with the source & the self through the faculties naturally nurtured by one's abilities. There are thus unlimited paths that lead one to bliss.
