*Reference Librarianship* Peter  
Sprenkle 2013-04-03 A daily diary of  
actual interactions between a  
reference desk librarian and his  
patrons *Reference Librarianship*  
documents a year in the life of a

young librarian working in the  
“trenches” at a library in the  
Midwestern United States. This one-  
of-a-kind book provides a daily diary  
of every librarian/patron  
transaction—no matter how mundane or  
absurd—to demonstrate not only how  
advances in technology have affected  
the reference librarian’s job, but  
how the public’s expectations have  
changed, as well. The book also  
includes observations by a now-  
retired reference librarian on the  
current state of the field based on  
these unedited interactions. Over the  
past two decades, the job of  
reference librarian has seen many  
changes. But in many ways, reference  
desk work hasn’t changed a bit, with  
its mix of odd, humorous, routine,  
and ridiculous requests that capture  
what it’s like to deal with patrons  
day after day. *Reference  
Librarianship* paints a clear picture  
of the field for library school  
students, provides emotional and  
philosophical support to  
practitioners, and reminds library  
administrators of what life was like  
on the “front lines.” A sampling of  
the daily transactions documented in  
*Reference Librarianship: Monday, May  
19, 2003: pencil pencil network down  
I tell people that I can’t sign them  
up for an Internet terminal because*

the network is down and they just stand there, staring into space One of them asks for three days worth of newspapers microfiche machine explanation Sorry, Sir, the network is still down (multiply by twenty and insert randomly into the remainder of the day) magic tricks, but he pretty much knew where they were One of our large interior plate glass windows shattered. No one was hurt and it made a fascinating noise, like a crystal waterfall landing on soil. "Books on prostitution, you know-whores?" Someone from the County called to ask if any criminal activity had occurred on a particular street. Someone else referred her to us. She was dubious-with good reason. "Math puzzles." Okay. I show him the books. "Just math." Certainly. I show him the books. "I need them in Spanish." Grrr ... Reference Librarianship is an enlightening, educational, and entertaining look at the real world of reference desk work. It's an essential read for reference librarians (both public and academic), library administrators, and library school students, as well as anyone who works with the public.

**VW Golf, GTI, Jetta and Cabrio, 1999 Thru 2002** Jay Storer 2003-01 Every Haynes manual is based on a complete teardown and rebuild, contains hundreds of "hands-on" photos tied to step-by-step instructions, and is thorough enough to help anyone from a do-it-your-selfer to a professional.

**The Ultimate Owner's Manual** Jack Doo 1991 New from Edmund, a complete guide to buying, financing, insuring & maintaining cars. The book will analyze how to negotiate the purchase of a new or used car, how to finance, insure & prepare for selling a car. A section will explain dealer options that do not add value at resale. Chapters on car care will explain the need for basic maintenance & will provide easy-to-use charts to aid the

user in keeping maintenance records.
