The Amistad Revolt Iyunolu Folayan Osagie 2000 From journalism and lectures to drama, visual art, and the Spielberg film, this study ranges across the varied cultural reactions--in America and Sierra Leone--engendered by the 1839 Amistad slave ship revolt. Iyunolu Folayan Osagie is a native of Sierra Leone, from where the Amistad's cargo of slaves originated. She digs deeply into the Amistad story to show the historical and contemporary relevance of the incident and its subsequent trials. At the same time, she shows how the incident has contributed to the construction of national and cultural identity both in Africa and the African diaspora in America--though in intriguingly different ways. This pioneering work of comparative African and American cultural criticism shows how creative arts have both confirmed and fostered the significance of the Amistad revolt in contemporary racial discourse and in the collective memories of both countries. *Callaghan's Official Wisconsin Reports* Wisconsin. Supreme Court 1976

What the Shadow Told Me Kurtis Davidson 2005 What happens when America's greatest author dies before delivering the long-awaited sequel to the greatest novel of the 20th century? His young editor is left racing to find the missing manuscript before a rogue's gallery of opportunists can exploit it for their own devious purposes. That's the premise of Kurtis Davidson's hilarious new novel, *What the Shadow Told Me*. This engaging look into the world of publishing and literature is intriguingly suspenseful, outrageously humorous, and universally accessible.

Clean My Space Melissa Maker 2017-03-07 The wildly popular YouTube star behind Clean My Space presents the breakthrough solution to cleaning better with less effort Melissa Maker is beloved by fans all over the world for her completely re-engineered approach to cleaning. As the dynamic new authority on home and living, Melissa knows that to invest any of our precious time in cleaning, we need to see big, long-lasting results. So, she developed her method to help us get the most out of our effort and keep our homes fresh and welcoming every day. In her long-awaited debut book, she shares her revolutionary 3-step solution: • Identify the most important areas (MIAs) in your home that need attention • Select the proper products, tools, and techniques (PTT) for the job • Implement these new cleaning routines so that they stick Clean My Space takes the chore out of cleaning with Melissa's incredible tips and cleaning hacks (the power of pretreating!) her lightning fast 5-10 minute "express clean" routines for every room when time is tightest, and her techniques for cleaning even the most daunting places and spaces. And a big bonus: Melissa gives guidance on the best non-

toxic, eco-conscious cleaning products and offers natural cleaning solution recipes you can make at home using essential oils to soothe and refresh. With Melissa's simple groundbreaking method you can truly live in a cleaner, more cheerful, and calming home all the time.

Encyclopedia of Cremation Lewis H. Mates 2016-04-29 The Encyclopedia of Cremation is the first major reference resource focused on cremation. Spanning many world cultures it documents regional histories, ideological movements and leading individuals that fostered cremation whilst also presenting cremation as a universal practice. Tracing ancient and classical cremation sites, historical and contemporary cremation processes and procedures of both scientific and legal kind, the encyclopedia also includes sections on specific cremation rituals, architecture, art and text. Features in the volume include: a general introduction and editorial introductions to sub-sections by Douglas Davies, an international specialist in death studies; appendices of world cremation statistics and a chronology of cremation; cross-referencing pathways through the entries via the index; individual entry bibliographies; and illustrations. This major international reference work is also an essential source book for students on the growing number of death-studies courses and wider studies in religion, anthropology or sociology.

Bark Canoes and Skin Boats of North America Edwin Tappan Adney 2014-04-01 Everything you need to know about the nearly lost art of bark and skin craft. The bark canoes of the North American Indians, particularly those made of birch bark, were among the most highly developed manually propelled primitive watercraft of their time. They could be used to carry heavy loads in shallow streams but were light enough to be hauled long distances over land. Built with Stone Age tools from available materials, their design, size, and appearance were varied to suit the many requirements of their users. Upon arrival in North America, European settlers began using the native-made craft for traveling through the wilderness. Even today, canoes are based on these ancient designs. *Bark Canoes and Skin Boats of North America* combines historical background with easy-to-understand, practical instructions. Author Edwin Tappan Adney, born in 1868, devoted his life to studying canoes and was practically the sole scholar in his field. His papers and research have been assembled by a curator at the Smithsonian Institution and illustrated with black-and-white line drawings, diagrams, and photos. Included here are measurements, detailed drawings, construction methods, and models. The book covers canoes from Newfoundland to the Pacific Ocean, as well as umiaks and kayaks from the Arctic. *Bark Canoes and Skin Boats of North America* is not only a must-have for boatbuilding hobbyists, but also for those with a fascination for the history behind them. Skyhorse Publishing, as well as our Arcade imprint, are proud to publish a broad range of books for readers interested in history--books about World War II, the Third Reich, Hitler and his henchmen, the JFK assassination, conspiracies, the American Civil War, the American Revolution, gladiators, Vikings, ancient Rome, medieval times, the old West, and much more. While not every title we publish becomes a New York Times bestseller or a national bestseller, we are committed to books on subjects that are sometimes overlooked and to authors whose work might not otherwise find a home.

George Müller of Bristol, 1805-1898 Arthur T. Pierson 2008 George Müller's life may be described as a primer on the miracle of answered prayer. When Müller felt called by God to care for orphans, he had only a few cents in his pocket. Without ever asking anyone other than God, he received over \$7,200,000 dollars (in 1800's money) through prayer alone. Müller established Orphanages in Bristol, England, and founded the "Scriptural Knowledge Institution for Home and Abroad," the object of which was to aid Christian day-schools, to assist missionaries, and to circulate the Scriptures. His life was characterized by prayer, faith, and self-denial in the cause of Christ. During his lifetime, he established 117 schools which educated more than 120,000 young persons, including orphans. From the age of seventy until ninety, Mr. Müller began to make great evangelistic tours. He traveled 200,000 miles, going around the world and preaching in many lands and in several different languages. This classic biography of George Müller tells of his dependence on prayer and his compassionate concern for orphans in Bristol, England. George Müller (1805-1898) was well-known for his constant faith in God and for providing an education to the children under his care, to the point where he was accused of raising the poor above their natural station in life. Müller left a charitable legacy that continues to this day. *George Müller of Bristol* was written the year after Müller's death by his close friend, Arthur T. Pierson, an American preacher and evangelist. HENDRICKSON CLASSIC BIOGRAPHIES feature enduring stories about real people whose lives have been touched and transformed by God, and who in turn have touched others with God's love. Each story has been carefully selected, gently edited if necessary, and freshly typeset, making every account be it ancient or

contemporary a compelling read. Great lives reaching across the ages to touch lives today, encouraging, challenging, and inspiring. **International Logistics** Donald F. Wood 2012-12-06 Both academia and the real world are showing a vastly increased interest in international logistics. Although this book covers the entire topic, it may not contain sufficient detail to answer all questions. The topic-and the challenge is much larger than any single book can cover! A number of people helped us, and their assistance should be recognized. They include Robert L. Argentieri, Eunice Coleman, Patricia J. Daugherty, Robert Derbin, Robert Hannus, Ken Knox, Douglas Long, Eugene L. Magad, Dale S. Rogers, Robert Rouse, John Silvey, and Clyde Kenneth Walter. This book is designed for both the business world and the classroom. A separate Instructor's Manual has been prepared and may be requested on school letterhead from Chapman & Hall. **International Logistics 1 Introduction** This book is about international logistics and the international logistics system. International means that it will deal with transactions involving individuals or firms in more than one nation. Logistics means the organized movement of goods, services, and, sometimes, people. Logistics was originally a military term. For example, in author Tom Clancy's novel, *Red Storm Rising*, Russian General Alekseyev thought to himself about a battlefield situation: "The tactics ... no, amateurs discuss tactics. Professional soldiers study logistics. .,1 When one speaks of the international logistics system, he means that huge array of carriers, forwarders, bankers, traders, and so on that facilitate international transactions, trades, and movements of goods and services. Communications are important, and a logistics system includes whatever communication capability it needs.

The Enlightened Eye Elliot W. Eisner 2017-02-24 Eisner's seminal work on mind, education, and research explores the ways in which the methods, content, and assumptions in the arts, humanities, and social sciences can help us better understand our schools and classrooms. *The Enlightened Eye* expands how we think about inquiry in education and broadens our views about what it means to "know" with the goal of positively influencing the educational experience of those who live and work in our schools. The text includes examples depicting this type of research and how it can be used to evaluate teaching, learning, and the school environment.
