1998-09-10 The Red Badge of Courage (1895) is a vivid psychological account of a young man's experience of fighting in the American Civil War, based on Crane's reading of popular descriptions of battle.

The other stories collected in this volume draw on Crane's subsequent experience of war reporting and include 'The Open Boat,' 'The Monster' and 'The Blue Hotel'. The intensity of its narrative and its naturalistic power earned Crane

instant success, and led to his spending most of his brief remaining life war reporting. The other stories collected in this volume draw on this experience; 'The Open Boat' (1898) was inspired by his fifty hour struggle with waves after his ship was sunk during an expedition to Cuba; 'The Monster' (1899) is a bitterly ironic commentary on the ostracization of a doctor for harbouring the servant who was disfigured and lost his sanity rescuing his son. As a rare example of Crane working in a vein of American Gothic, it is particularly striking for its treatment of race and social injustice. 'The Blue Hotel' traces

the events that lead to a murder at a bar in a small Nebraska town. This edition is the most generously annotated edition of Crane's work, exploring it from a fresh critical perspective and focusing on his place as an experimental writer, his modernist legacy and his social as well as literary revisionism. -

**ANNOTATED** Stephen Crane

2021-04-17 As *The Red Badge of Courage* opens, members of a newly recruited Union regiment are debating a fresh rumor: they are finally going to move out on the next day and engage the enemy. One young soldier, Henry Fleming, reflects on what will become of him

when he gets to battle - namely, will he run or will he stand and fight bravely? He enlisted because he wants to be a hero, like the warriors of the Greek epics. His own mother, however, was not interested in such fanciful notions of bravery, and discouraged him from enlisting. When he tells her he's joined the army, she denies him a touching farewell scene and merely says if he finds himself in a situation where he will be killed or may do something wrong, he should go with his feelings. He has not seen his foes yet, save for a conversation with one across a riverbank late one night. The veterans tell the young soldiers

of gray, mad, rampaging hordes; but he does not trust the veracity of their tales. He does not care who he fights as long as he does not run away. He and his fellow troops - the tall soldier (Jim Conklin) and the loud soldier (named Wilson) - try to discern whether or not they will think of running. Both believe in themselves enough to say that they will fight as hard as they can, but neither goes as far to say that they definitely will not run. The regiment does not move out on the rumored day, but soon thereafter. They march with other Union army regiments dressed in blue. Their untested nature is shown in the gleaming newness of their

unscathed uniforms. The men run down roads carved out in the forest. During this time, Henry's thoughts are mixed and distracted. One minute he feels that he should have never enlisted and misses his home, but the next moment he feels the overwhelming urge to observe a battle. From a safe place on a hill, he watches a skirmish in quiet fascination but does not experience the desire to participate. After he sees his first corpse, he begins to suspect that his regiment is being led to their slaughter, to be sacrificed to a red war god. He wants to tell his friends his theory, but is afraid they will laugh. Soon, the regiment faces

an actual conflict. Wilson, the loud soldier, is so certain he will die that he gives Henry a packet of letters to send to his family. As they line up to fight, rumors fly again about the state of their army. Smoke and noise from guns rise around them. Bullets and shells whistle towards them. A regiment in front, already engaging the enemy, is beaten and flees the battleground. The youth imagines they have been beaten by a monster. He resolves to get a view of this monster, even if he might very well flee himself. The regiment is soon engaged. They work feverishly, firing and reloading. The smoke chokes them and

makes their eyes red. Henry is full of rage. Men fall occasionally around him. Soon, the enemy retreats and the men relax. Henry feels satisfied that he has overcome the trials of war. However, the men have not rested for long when the Rebels attack again. They fight fiercely once more. Henry feels differently this time; he believes that the monster of war, a red and green dragon, will come through the gray smoke and swallow him. After a few men around him flee, the youth's own fear gets the better of him. He drops his weapon and runs from the battle. As runs through the forest, he is sure that the dragon is pursuing him and that

those who fight are fools. However, as he finally stops near an officer, he learns that his regiment won the battle. He is thunderstruck. He realizes that he has done something very wrong, though he tries to justify his actions by convincing himself his superior powers of observation led him to conclude his regiment was in trouble and that fleeing was necessary. He imagines the insults he will have to bear when returning to camp and attempts to get as far away.....

Fighting the enemy without and the terror within, Fleming must prove himself and find his own meaning of valor. Unbelievable as it may seem, Stephen Crane had never been a member of any army nor had taken part in any battle when he wrote *The Red Badge of Courage*. But upon its publication in 1895, when Crane was only twenty-four, *Red Badge* was heralded as a new kind of war novel, marked by astonishing insight into the true psychology of men under fire. Along with the

seminal short stories included in this volume--"The Open Boat," "The Veteran," and "The Men in the Storm"--The Red Badge of Courage unleashed Crane's deeply influential impressionistic style. Stephen Crane 2020-08-04 The cold passed reluctantly from the earth, and the retiring fogs revealed an army stretched out on the hills, resting. As the landscape changed from brown to green, the army awakened, and began to tremble with eagerness at the noise of

rumors. It cast its eyes upon the roads, which were growing from long troughs of liquid mud to proper thoroughfares. A river, amber-tinted in the shadow of its banks, purred at the army's feet; and at night, when the stream had become of a sorrowful blackness, one could see across it the red, eyelike gleam of hostile campfires set in the low brows of distant hills. Once a certain tall soldier developed virtues and went resolutely to wash a shirt. He came flying back from a brook waving his garment bannerlike. He was swelled with a tale he had heard from a reliable friend, who had heard it from a truthful cavalryman, who had heard it

from his trustworthy brother, one of the orderlies at division headquarters. He adopted the important air of a herald in red and gold. "We're goin' t' move t'morrah--sure," he said pompously to a group in the company street. "We're goin' 'way up the river, cut across, an' come around in behint 'em." To his attentive audience he drew a loud and elaborate plan of a very brilliant campaign. When he had finished, the blue-clothed men scattered into small arguing groups between the rows of squat brown huts. A negro teamster who had been dancing upon a cracker box with the hilarious encouragement of twoscore

soldiers was deserted. He sat mournfully down. Smoke drifted lazily from a multitude of quaint chimneys. "It's a lie! that's all it is--a thunderin' lie!" said another private loudly. His smooth face was flushed, and his hands were thrust sulkily into his trouser's pockets. He took the matter as an affront to him. "I don't believe the derved old army's ever going to move. We're set. I've got ready to move eight times in the last two weeks, and we ain't moved yet."

**The Red Badge of Courage**  
Stephen Crane 2012-01-01  
Stephen Crane described his novel of the American Civil War as a "psychological portrait of fear." Although he never experienced the horror of battle himself, Crane based his realistic narrative largely on stories told by Civil War veterans. While those accounts tended to focus on the external action of warfare, the young newspaper reporter aspired to illustrate the internal experience of the soldier. What does a man think and feel when he must kill or be killed? When in the chaos of battle will fear paralyze him or, worse, cause him to turn

coward and run? In a sense, modern American fiction begins with Crane's masterful, impressionistic depiction of Private Henry Fleming under fire.

immediate fame. In his  
introduction to this volume, Lee  
Clark Mitchell discusses how  
Crane broke with the  
conventions of both fiction and  
journalism to create a uniquely  
'disruptive' prose style. The five  
essays that follow each explore  
different aspects of the novel.  
One studies the problem of  
establishing the authentic text;  
another examines it as a war  
novel; a third considers it as a  
critique of the rising mood of

militant imperialism in the 1890s; a fourth focuses on the double perspective of the novel - its shift between the hero's perspective and a larger, 'cosmic' one; and the final essay examines the novel's deconstruction of courage/cowardice. Written in a highly accessible style, these essays represent the best of recent scholarship and provide students with a useful introduction to this major novel.
