M Train Patti Smith 2015-10-06 'So honest and pure as to count as a true rapture' JOAN DIDION 'A poetic masterpiece' JOHNNY DEPP 'Our St John of the Cross, a mystic full of compassion' EDMUND WHITE 'A roadmap to my life', from the National Book Award-winning author of Just Kids: an unforgettable odyssey of a legendary artist, told through the prism of cafés and haunts she has worked in around the world REVISED EDITION WITH FIVE THOUSAND WORDS OF

BONUS MATERIAL AND NEW PHOTOGRAPHS

M Train begins in the tiny Greenwich Village café where Smith goes every morning for black coffee, ruminates on the world as it is and the world as it was, and writes in her notebook. Through prose that shifts fluidly between dreams and reality, past and present, and across a landscape of creative aspirations and inspirations, we travel to Frida Kahlo's Casa Azul in Mexico; to a meeting of an Arctic explorer's society in Berlin; to a ramshackle seaside bungalow in New York's Far Rockaway that Smith acquires just before Hurricane Sandy hits; and to the graves of Genet, Plath, Rimbaud

and Mishima. Woven throughout are reflections on the writer's craft and on artistic creation. Here, too, are singular memories of Smith's life in Michigan and the irremediable loss of her husband, Fred Sonic Smith. Braiding despair with hope and consolation, illustrated with her signature Polaroids, M Train is a meditation on travel, detective shows, literature and coffee. It is a powerful, deeply moving book by one of the most remarkable artists at work today.

Circuits of the Wind Michael Stutz 2012-02 THE LYRIC STORY OF THE NET GENERATION- GROWING UP AND COMING OF AGE ON THE

INTERNET The Internet is everywhere now, but Ray Valentine saw it first explode. CIRCUITS OF THE WIND is the story of Ray's quest to find himself as he grows up wandering the computer underground-the wild, global outback that existed before the net went mainstream. How else does an end-of-century slacker reach out to the world from Sohola, that northern state that's a little more Midwest than it is New England? The net holds the key to what he's after-but even as he pioneers this virtual world, the veneer of his real life begins to crack. In VOLUME TWO of the CIRCUITS OF THE WIND trilogy, the net arrives

all glimmering when Ray is starting college: it's brighter, quicker, better than he ever knew. It's the early 1990s-a time of golden youth and of joyriding on the growing Internet, where he rises as a leader of the global generation, the ones who saw it as the gilded portal to a fabulous new age everyone was about to enter. But he's coasting aimlessly-and when his college friends move on and fashions change he sees how real life actually might not be working out.

major problem with his throwing arm. It would seem his future in baseball was over before it even began. But R.A. knew better. Through faith, hope, and determination, he achieved his dreams and made it into the major leagues. Now, he's one of the most respected pitchers in the game, a Cy Young Award winner, and he's changed the way people view the knuckleball – and himself. An inspiring true story about beating the odds, R.A. is proof that with hard work and devotion, anyone can overcome whatever life throws at them.

Outside Shot Keith O'Brien 2013-01-15 "A

reporting tour de force and an utterly gripping account... Outside Shot unmistakably triumphs, with the reader rooting hard for the Cardinals—and delighted that O'Brien has brought his considerable skills to telling their story."

—Wayne Coffey, New York Times Book Review
The Cardinals of Scott County High School were beloved once---and with good reason. For years, the boys and their legendary coach gave fans in central Kentucky, deep in the heart of basketball country, just what they wanted: state titles, national rankings, and countless trips to Kentucky's one-of-a-kind state tournament, where

winning and losing can change a young man's life. But in 2009, with the economy sputtering, anger rising, and Scott County mired in a two-year drought, fans had begun to lose faith in the boys. They weren't the heroes of Scott County anymore; they were "mini-athlete gods," haunted by dreams, burdened by expectations, and desperate to escape through the only means they knew: basketball. In Outside Shot, Keith O'Brien takes us on an epic journey, from the bluegrass hills and broken homes of rural America, to inner-city Lexington, to Kentucky's most hallowed hall: Rupp Arena, where high school tournament

games are known to draw twenty-thousand people, and where, for the players and their fans, it feels like anything is possible. The narrative follows four of the team's top seniors and their coach as they struggle to redeem themselves in the face of impossible odds: once-loyal fans now turned against them, parents who demand athletic greatness, and scouts who weigh their every move. It delves deep inside the lives of the boys, their families, and their community---divided along lines of race, politics, religion, and sports. And it chronicles not only the high-stakes world of Kentucky basketball, but the battle for the soul of

small-town America. A story of inspiration and poignancy, filled with moments of drama on and off the court, *Outside Shot* shows that if it's hard to win basketball games, it can be even harder to win at life itself.

Wherever I Wind Up R.A. Dickey 2012-03-29 The perfect gift for baseball fans, now with a new epilogue by author R.A. Dickey, winner of the 2012 Cy Young award. "An astounding

memoir—haunting and touching, courageous and wise."—Jeremy Schaap, bestselling author, Emmy award-winning journalist, ESPN In 1996, R.A. Dickey was the Texas Rangers' much-heralded No. 1 draft choice. Then, a routine physical revealed that his right elbow was missing its ulnar collateral ligament, and his lifelong dream—along with his \$810,000 signing bonus—was ripped away. Yet, despite twice being consigned to baseball's scrap heap, Dickey battled back. Sustained by his Christian faith, the love of his wife and children, and a relentless quest for self-awareness, Dickey is now the starting pitcher for

the Toronto Blue Jays (he was previously a star pitcher for the New York Mets) and one of the National League's premier players, as well as the winner of the 2012 Cy Young award. In *Wherever I Wind Up*, Dickey eloquently shares his quintessentially American tale of overcoming extraordinary odds to achieve a game, a career, and a life unlike any other.

This brisk retelling of *Le Morte D'Arthur* highlights

the narrative drive, humor, and poignancy of Sir Thomas Malory's original while updating his fifteenth-century English and selectively pruning over-elaborate passages that can try the patience of modern readers. The result is an adaptation that readers can enjoy as a fresh approach to Malory's sprawling masterpiece. The book's most famous episodes--the sword in the stone, the cataclysmic final battle--are all here, while lesser-known key episodes stand forth with new brightness and clarity. The text is accompanied by an up-to-date bibliography, including websites and video resources, and a descriptive index

keyed--like the retelling itself--to the book and chapter divisions of William Caxton's first printed edition of 1485.

Wherever I Wind Up R. A. Dickey 2012 "A memoir written by baseball pitcher R.A. Dickey"--

Today Hong Kong, Tomorrow the World Mark L. Clifford 2022-02-01 A gripping history of China's deteriorating relationship with Hong Kong, and its

implications for the rest of the world. For 150 years as a British colony, Hong Kong was a beacon of prosperity where people, money, and technology flowed freely, and residents enjoyed many civil liberties. In preparation for handing the territory over to China in 1997, Deng Xiaoping promised that it would remain highly autonomous for fifty years. An international treaty established a Special Administrative Region (SAR) with a far freer political system than that of Communist China—one with its own currency and government administration, a common-law legal system, and freedoms of press, speech, and religion. But as

the halfway mark of the SAR's lifespan approaches in 2022, it is clear that China has not kept its word. Universal suffrage and free elections have not been instituted, harassment and brutality have become normalized, and activists are being jailed en masse. To make matters worse, a national security law that further crimps Hong Kong's freedoms has recently been decreed in Beijing. This tragic backslide has dire worldwide implications—as China continues to expand its global influence, Hong Kong serves as a chilling preview of how dissenters could be treated in regions that fall under the emerging

superpower's control. Today Hong Kong, Tomorrow the World tells the complete story of how a city once famed for protests so peaceful that toddlers joined grandparents in millions-strong rallies became a place where police have fired more than 10,000 rounds of tear gas, rubber bullets and even live ammunition at their neighbors, while pro-government hooligans attack demonstrators in the streets. A Hong Kong resident from 1992 to 2021, author Mark L. Clifford has witnessed this transformation firsthand. As a celebrated publisher and journalist, he has unrivaled access to the full range of the

city's society, from student protestors and political prisoners to aristocrats and senior government officials. A powerful and dramatic mix of history and on-the-ground reporting, this book is the definitive account of one of the most important geopolitical standoffs of our time.

A master story teller as well as our most expert analyst, Yergin proves that energy is truly the engine of global political and economic change. From the jammed streets of Beijing, the shores of the Caspian Sea, and the conflicts in the Middle East, to Capitol Hill and Silicon Valley, Yergin tells the inside stories of the

oil market, the rise of the 'petrostate', the race to control the resources of the former Soviet empire, and the massive corporate mergers that have transformed the oil landscape. He shows how the drama of oil - the struggle for access to it, the battle for control, the insecurity of supply, its impact on the global economy, and the geopolitics that dominate it - will continue to shape our world. And he takes on the toughest questions: will we run out; are China and the United States destined for conflict; what of climate change? Yergin also reveals the surprising and turbulent histories of nuclear, coal, and natural

gas, and investigates the 'rebirth of renewables'- biofuels, wind, and solar energy - showing how understanding this greening landscape and its future role are crucial to the needs of a growing world economy. The Quest presents an extraordinary range of characters and dramatic stories to illustrate the principles that will shape our energy security system for the decades to come. It is essential reading.

They Said It Couldn't Be Done Wayne Coffey

2019-03-26 "One of sports' most storied championship teams gets its proper due" (Tom Verducci) in this definitive history of the 1969

Miracle Mets from the New York Times bestselling author of *The Boys of Winter*. “If you want to know what it was like to live and witness a baseball miracle in tumultuous times, this book is for you.”—Ron Darling, former New York Mets All-Star and bestselling author of *Game 7, 1986*

The story of the 1969 New York Mets’ season has long since entered sports lore as one of the most remarkable of all time. But beyond the “miracle” is a compelling narrative of an unlikely collection of players and the hallowed manager who inspired them to greatness. For the fiftieth anniversary, renowned sports journalist Wayne

Coffey brings to life a moment when a championship could descend on a city like magic, and when a baseball legend was authored one inning at a time. Future Hall of Fame ace Tom Seaver snagged the biggest headlines, but the enduring richness of the story lies in the core of a team comprised of untested youngsters, lightly regarded veterans, and four Southern-born African-American stalwarts who came of age in the shadow of Jackie Robinson. Most of the Mets regulars were improbable candidates for baseball stardom. The number two starting pitcher, Jerry Koosman, grew up on a Minnesota farm, never

played high-school ball, and was only discovered because of a tip from a Mets' usher. Outfielder Ron Swoboda was known for long home runs and piles of strikeouts, until he turned into a glove wizard when it mattered most. All of these men were galvanized by their manager: the sainted former Brooklyn Dodger Gil Hodges, whose fundamental belief in the power of every man on the roster, no matter his stats, helped backup players like Al Weis and J.C. Martin become October heroes. As the Mets powered through the season to reach a World Series against the best-in-a-generation Baltimore Orioles, Hodges's

steady hand guided a team that had very recently been the league laughingstock to an improbable, electrifying shot at sports immortality. "A must-read for not just for Mets fans, but all baseball fans who will appreciate what indeed was the most astounding season in baseball history."—Ken Rosenthal, two-time Sports Emmy winner for Outstanding Sports Reporter

about growing up mixed-race, Korean food, losing her Korean mother, and forging her own identity in the wake of her loss. 'As good as everyone says it is and, yes, it will have you in tears. An essential read for anybody who has lost a loved one, as well as those who haven't' – Marie–Claire In this exquisite story of family, food, grief, and endurance, Michelle Zauner proves herself far more than a dazzling singer, songwriter, and guitarist. With humour and heart, she tells of growing up the only Asian-American kid at her school in Eugene, Oregon; of struggling with her mother's particular, high expectations of her; of a

painful adolescence; of treasured months spent in her grandmother's tiny apartment in Seoul, where she and her mother would bond, late at night, over heaping plates of food. As she grew up, moving to the east coast for college, finding work in the restaurant industry, performing gigs with her fledgling band – and meeting the man who would become her husband – her Koreanness began to feel ever more distant, even as she found the life she wanted to live. It was her mother's diagnosis of terminal pancreatic cancer, when Michelle was twenty-five, that forced a reckoning with her identity and brought her to

reclaim the gifts of taste, language, and history her mother had given her. Vivacious, lyrical and honest, Michelle Zauner's voice is as radiantly alive on the page as it is onstage. Rich with intimate anecdotes that will resonate widely, *Crying in H Mart* is a book to cherish, share, and reread. 'Possibly the best book I've read all year . . . I will be buying copies for friends and family this Christmas.' – Rukmini Iyer in the Guardian 'Best Food Books of 2021' 'Wonderful . . . The writing about Korean food is gorgeous . . . but as a brilliant kimchi-related metaphor shows, Zauner's deepest concern is the ferment, and

delicacy, of complicated lives.' – Victoria Segal, Sunday Times, 'My favourite read of the year' **The Goal** Eliyahu M.
